

MCC WELFARE SERVICES INCORPORATED

Helping People In Need

Making Equal The Different

MCC Welfares Services began through a simple request to Rev Greg Smith:

“I am an HIV positive man. I suffer from night sweats and I need a double bed. I have been to two well-known benevolent institutions to ask for assistance and they told me, ‘we don’t look after your kind here, try somewhere else.’ Can you help me?”

Our answer was **“YES.”** We didn’t know where we were going to find a bed – perhaps we would buy one! But miracles happen and so MCC Welfare Services began firstly as a “bed project” until today, providing as best we can, a wide range of household and white goods for those in need. All goods are donated through the general community, deceased estates, commercial organisations and generous individual donors.

Our Board Members and Staff are all volunteers and no remuneration is received.

The need in the community continues to grow. To date MCC Welfare Services has assisted over 3000 people, some in dire need.

Maybe you and your friends can help with donations of furniture, electrical goods, white goods, or particularly financial donations to help our cause.

Contributions of \$2 or more are Tax Deductible.

(MCC Welfare Services Incorporated is a Public Benevolent Institution DGR No. 491794)

Please be generous to those less fortunate than ourselves.
